UGANDA – CANADA COLLABORATION - APPRECIATION

On behalf of Ugandan Government and on my own behalf, I extend our sincere gratitude and compliments to you, your partners and the people of Canada who are paying the taxes for continuous generous donations of medical items more especially the Mosquito nets among others to the people of Uganda.

Your commitment in the fight against Malaria through your cooperation in this field goes a long way in improving the health of Ugandans. Malaria is the highest single killer disease in Uganda and indeed in sub-Saharan Africa.

Your intervention is crucial in reducing the disease burden of Ugandans especially in the rural villages. This intervention also contributes to their economic activities and enhances their economic well being. The collaboration is expected to mature and cover more villages of Uganda.

Please accept the assurances of our highest consideration.

Dr. Richard B. Nduhuura (MP)
**MINISTER OF STATE FOR HEALTH (GENERAL DUTIES) AND
ALSO HOLDING THE PORTFOLIO FOR MINISTER OF HEALTH**

- c.c. The Rt. Hon. Prime Minister
- c.c. H. E. the Ugandan High Commissioner in Canada
