Dear Mr. Brown:

Rotarians in Canada and Uganda are very pleased to partner with the Buy-A-Net Malaria Prevention Group initiative. Through this initiative, Rotary acknowledges the important contribution of Buy-A-Net as a direct mechanism for the prevention of malaria deaths in Uganda. This partnership also expresses our willingness to support this initiative publicly.

The Buy-A-Net Malaria Prevention Group initiative, led by a dedicated group of volunteers in Canada and Uganda, supports the mandate of Rotary International, "service above self" where Rotarians provide humanitarian service, encourage high ethical standards and help build goodwill and peace through the improvement of health, the support of education and the alleviation of poverty.

The recent partnership between Buy-A-Net Malaria Prevention Group, Cataraqui-Kingston Rotary club, Kololo-Kampala Rotary club, their respective Rotary districts, and The Rotary Foundation demonstrates the belief we have in this initiative, addressing urgent health needs related to malaria prevention.

I encourage Rotarians to support this very important initiative through partnerships where the efforts of Buy-A-Net Malaria Prevention Group can be leveraged for the benefit of all concerned.

Yours sincerely,
