

World Malaria Day April 25, 2011

ACHIEVING PROGRESS AND IMPACT

World Malaria Day was created to bring awareness about an ancient disease and the devastating impact it has on the lives of more than 3 billion people.

Malaria can be prevented and treated simply, inexpensively, and effectively with your donation.

Buy-A-Net brings relief from and protection against leading killer diseases of mothers and their children in Uganda, especially malaria, through education, capacity building, bed nets and medicines, in partnership with local community based groups.
